

Dordogne into the Pyrenees

Motorcycle Hotel Tour 15-23rd June 2024

This tour has been put together to cover some of the most stunning areas of South West France, from dramatic Gorges, Medieval towns and high mountain passes we will travel through the Dordogne towards Carcassonne and into the Pyrenees mountains before head back north spending our last night in the walled city of St Malo for an early morning daytime ferry back to the UK.

Saturday 15th June

Meeting on the Saturday evening at Portsmouth ferry terminal for the overnight ferry to St Malo.

Day 1

Arriving at around 8am we head south, today is a long day with some serious miles, but split into 4 sections of both motorway and national road routes stopping frequently we end up in a good area at a stunning location within the Dordogne.

Day 2

After a relaxed Breakfast we leave the hotel and travel through some stunning routes as we head south through the Dordogne and to the City of Carcassonne, here we stay overnight in a hotel just outside the walled city.

Day 3

Today's route takes us along part of the Cathar Trail, a remote route rich with vineyards, deep gorges and historic Castles, some perched on seemingly inaccessible places.

We then head west through the hot springs town of Ax-les Thermes to the town of Saint Giron.

Day 4

We now head to start the route of the Cols, this is an area often missed as most head to the Alps but there is also a few incredible mountain passes, which regularly feature in the tour de France, we won't get them all done today but finish near the town of Argeles Gazost ready for more tomorrow.

Day 5

We start with yet another Col and later end up crossing the border into Spain briefly as we travel this stunning area of the western Pyrenees. We finish the day back in France shortly after passing through the famous village of St Jean Paul de Pont. Known as the gateway to the Camino.

Day 6

Sadly, today we need to start heading home, after a relaxed breakfast we start the long journey back, using a cross country route with frequent stops to Mansle. Although large miles it should be quite an easy and relaxed route.

Price £395 per motorcycle

Day 7

Another similar day as we head to St Malo for mid afternoon, allowing for a look around the Historic walled town and meal in one of the amazing restaurants.

Day 8
